

Town Hall Committee Meeting Minutes March 8, 2007

Present: Paul Cuetara, chair, Rich Goeselt, Ben King, Craig Salomon

Absent: Henry Marsh, Steve Miller

Paul Cuetara and Rich Goeselt reported to the committee on the results of the presentation and proposal to the BOS on February 26th. The BOS approved the funding to perform an engineering evaluation of the Town Hall steeple and prepare an RFP (Request For Proposal) for the steeple restoration that would be suitable for bid submission from firms experienced in steeple restoration and approved or recommended to meet the NH Standards for the restoration of historic properties. Red Mabey and the committee will prepare the RFP using the engineering evaluation of the steeple as guidance. The engineering evaluation of the steeple has been let should be complete in the next two weeks

The remainder of the meeting was dedicated to a work session to assist Paul in his preparation of a Moose License Plate Grant from the New Hampshire Division of Historical Resources which is due no later than March 30, 2007. The BOS and the North Hampton Heritage Commission have both written letters of support for the grant proposal. The purpose of the grant would be to provide some technical and financial assistance to the town in the planning and restoration of the Old Town Hall. Our thanks to Jenifer Landman for recording the results of the work session.

The next meeting is scheduled for March 21st @ 5:00 PM in the Mary Herbert Room

Respectfully submitted,
Rich Goeselt, vice-chair & secretary
